To whom it may concern

Dear Sir,

I have worked with Philippa in business to business, employee, and service contract capacities.

Philippa was involved at the ground level of Greenworld business development and was instrumental in obtaining the planning permissions for our first site and implementing technical processes, health and safety, and environmental policies and procedures in our actively growing business.

I have found Philippa to be a thoroughly experienced environmental consultant. She is hardworking, diligent, and discreet. She has, and hopefully, will remain involved in our business as a key resource and trusted colleague.

I would not hesitate to recommend her to another wanting to use her in her field of expertise.

Yours faithfully

Steve Kilham
Director
